AARDVARK ACTUARIAL ASSOCIATES

ABOUT US

Aardvark Actuarial Associates is a fictional TPA created to demonstrate the tpa(k) technology. All descriptions below are simply for demonstrating the flexibility of the tpa(k) "About Us" page. All TPAs will have their own customized About Us page as well as custom 3(16) pages (if selected).

WE ARE EASY TO DO BUSINESS WITH

We strive to make it easy to setup and administer a retirement plan. Our digital onboarding process is fast and efficient and ensures that you will never have to enter the same information twice. If you have any questions at all, Chatbot support is available via our website 24/7.

BUY NOW BUTTON

Moving forward with your plan has never been easier thanks to our **Buy Now** button. Simply go to the **Letter of Intent** page and click on the **Buy Now** button. Provide us with some pertinent company information and we will immediately begin our onboarding process. All the information you provide will never have to be entered again!

PLAN INFORMATION FORM

Now that the Letter of Intent has been generated, we will need to gather more information regarding your corporate structure as well as ownership details. Don't worry, we've prepopulated the **Plan Information Form** (PIF) with all the information we've collected so far. The information in the PIF form will help guide our plan design as well as ensure the plan is in complete compliance with all governmental regulations.

TRANSPARENT PLAN PRICING

Aardvark Actuarial is committed to transparent pricing. Our pricing page will show our fees in a clear and understandable format. If the plan recordkeeper has TPA revenue sharing in their pricing, Aardvark will display the revenue share amount as well as offset our pricing with 100% of the revenue share (if any). We're proud to lead the industry in fee disclosure and easy to understand transparent pricing.
